★★★★★

Color: 40W

I haven't measured the voltage or current yet but I am pleased with it, charges my phone quickly in bright sun. None of the laptop barrel plug fitted my laptop charging socket. There are no grime on the 40W panel to hang the panel up or attach weights to. It arrived in about 2 and half weeks to England, so quite good. 26 Mar 2022 06:38
