Lithium Battery 48V Wall Mounted 200AH 10240WH LiFePo4 Battery With Built In BMS

Basic Information

Place of Origin: ChinaBrand Name: ENIKOL

Certification: CE FCC UKCA UN38.3 MSDS

Model Number: ESK4820CW

 Minimum Order Quantity: 1 piece

Price: USD1139 for sample Wholesale prices are

negotiable

• Packaging Details: Wooden box packaging

• Delivery Time: 7-15days

• Payment Terms: T/T, L/C, D/A, D/P, Western Union,

MoneyGram

• Supply Ability: 4000 pieces per week

Product Specification

Model: ESK-4820CW (Wall Mounted & Floor

Standing)

Anode Material: LFPRated Voltage: 51.2V

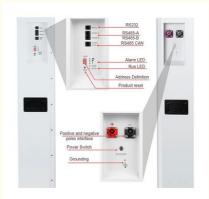

• Rated Capacity: 200AH(10240WH)

• Cycle Life: ≥6000 Times

Bms: Built-inMax Parallel: 16Display: LCD

• Highlight: 48V Wall Mounted LiFePo4 Battery,

200AH Wall Mounted LiFePo4 Battery, 10240WH Wall Mounted LiFePo4 Battery

Product Description

| Product Model | ESK-4820CW |
|----------------------------------|---|
| Type of Battery | Lithium Iron Phosphate |
| Max parallel | 16 sets |
| Rated capacity | 200AH (10240WH) |
| Rated voltage | 51.2V |
| Charging voltage | 58.4V |
| Max charging current | 200A |
| Max continuous discharge current | 200A(10KW) |
| Weight | 85kg |
| Dimension (L* W * H) mm | 955*460*195 |
| Display | LCD |
| Warranty | 5 years |
| Communication function | CAN/RS485/RS232 |
| Shell Material | White painted steel |
| Cycle life | ≥8000 times |
| Operating temperature | -20 to +65 |
| Protection function | Overcharge protection, over discharge protection, over-current protection, short circuit protection, over temperature protection and low voltage alarm |
| Matched solar inverter brands | PYLONTECH/GOODWE/Growatt/SMA/Victron/TBB/Must/ Srne/ MEGAREVO/Deye/INVT/Voltronic/SOFAR/SOROTEC,etc. |
| Bluetooth function | Optional |
| Application | Home Appliances, Industrial and commercial energy storage, Household energy storage, Large-scale photovoltaic energy storage projects, UPS energy storage |

Product Description:

The 10kwh Lithium Ion Battery is easy to install and comes with all the necessary hardware. The wall-mounted design makes it easy to install and saves space. The battery can be mounted on any flat surface and is designed to work in a wide range of temperatures. In summary, the Wall Mounted LiFePo4 Battery is a high-quality, reliable, and durable battery that is perfect for solar energy applications. It has a maximum continuous discharge current of 200A(10KW), a rated capacity of 200AH(10240WH), and a built-in BMS. With a cycle life of ≥6000 times, this battery is designed to last for many years of regular use. If you're looking for a 48v 200ah LiFePo4 battery or a 48v solar energy battery, the Wall Mounted LiFePo4 Battery is an excellent choice.

Features:

Product Name: Wall Mounted LiFePo4 Battery

Cycle life: ≥6000 Times

Rated Capacity: 200AH(10240WH)

Max Charging Current: 200A

BMS: Built In BMS
Charging Voltage: 58.4V

This 48v 200ah lifepo4 battery is perfect for use with solar energy systems. It has a long cycle life of at least 6000 times and a rated capacity of 200AH(10240WH). The max charging current is 200A and it has a built in BMS. The charging voltage is 58.4V, making it a reliable and efficient option for your 48v lifepo4 battery needs.

Applications:

The ENIKOL ESK4820CW is a wall-mounted LiFePo4 battery designed to store and provide power for various applications. With a capacity of 48v 200ah, this battery can provide up to 10kwh of energy storage, making it perfect for both residential and commercial use.

The ESK4820CW's shell material is made of white painted steel, making it durable and long-lasting. It is designed to be wall-mounted, making it easy to install in any location. The battery's max charging current is 200A, and the max continuous discharge current is also 200A (10KW). The product also has a maximum parallel of 16, allowing for multiple units to be connected and used together. Overall, the ENIKOL ESK4820CW is a reliable and efficient 48v 200ah LiFePo4 battery suitable for a wide range of applications. Whether it's for residential or commercial use, this battery is designed to provide energy storage and power for any scenario.

Support and Services:

The Wall Mounted LiFePo4 Battery product technical support and services include:

Installation advice and guidance

Troubleshooting assistance

Product maintenance recommendations

Repair and replacement services

Product training and education

Our team of experts is available to provide you with the support and services you need to ensure the optimal performance and longevity of your Wall Mounted LiFePo4 Battery.

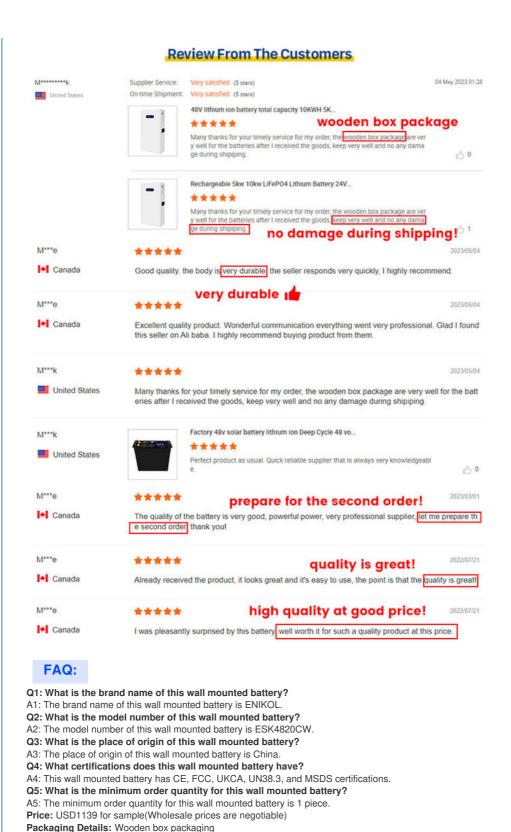

Packing and Shipping:

Product Packaging:

The Wall Mounted LiFePo4 Battery product will be securely packaged in a sturdy wooden box with foam inserts to prevent any damage during shipping. The product will also be labeled with the necessary information such as product name, quantity, and handling instructions.

Shipping:

The product will be shipped through a reputable courier service that provides tracking information. The shipping cost will vary depending on the destination and the weight of the package. The estimated shipping time will be provided upon checkout and may vary depending on the shipping location.
